### Exploring Connections between Tarot and Astrology

Sunday 20th September 10am - 4pm

Astrology is a very dynamic player in Tarot's enigmatic pictures, as well as being contained within the infrastructure of the deck itself.

Fern stimulates an active dialogue between these two disciplines to find useful and creative connections that both widen and deepen our treasury of symbols.

We uncover the tarot's use of sacred geometry and hidden graphic structures to reveal the astrological glyphs and symbols contained within.

We discuss how tarot constructs the classical elemental system within the deck, to highlight the differences between astrology and tarot's understanding and use of Earth, Water, Air and Fire.

We won't work with one system of set correspondences (ie the Waite/Smith set) between astrology and tarot, but explore through practice and experimentation how many different signs and planets can be found in just one card. Thus, when weaving the cards together, there can be an endless play of new information.

Astrological layouts work well with the Tarot so we workshop a few different spreads.

Suitable for both new and old tarot and astrological players.

**Venue:** The Pink Room. Ferndale House. 830 New North Road. Mt. Albert **Fee:** \$100.

Bookings or information: **Fern** ph 361 3292. Email [fernmm@ihug.co.nz](mailto:fernmm@ihug.co.nz) [www.tarot.net.nz](http://www.tarot.net.nz)

This workshop is the first of a series of three (The High Priestess Series) in the last part of 2009. Check out Fern's website for more information.

### The Cosmic Dance of Connection

Sunday 18th October 10:30am to 5pm

**Venue:** Highbury House, Hinemoa St, Birkenhead

This is an excellent workshop for a beginner or for a student wanting to refresh their knowledge of the astrological dynamics of relationships.

Astrology reveals our true nature, by defining which of the four elements are active and which of the three modalities are operating. For example, Virgo is the combo of elemental earth, defining a practical nature plus a 'mutable' mode of operation. Of course in relationships, it's usually the opposites that attract each other! And the fun begins.

In this workshop armed with the insights about your own elemental nature, you will also explore your relationship dynamics as the cosmic dance. Learn about your dominant element and mode of operation, via all your planets. Go beyond the Sunsign. This could explain many mysteries about your own behaviour.

**Fee:** \$90 Please provide all birth details. Your birth chart and explanatory notes will be given to you. Afternoon tea provided.
