AFI Monthly Lectures

Sunday 9th June 2pm

Jillian Whyte

When Goodbye means Hello

Jillian has spent over thirty years of her life studying astrology, out of a teaching background in accounting and economics.

Everywhere we look today things appear 'out of balance'. How can we work towards a holistic and creative balance for all? Jillian will present the issues of today in a practical way with reference to the 'bigger cosmic picture'. To do this justice Jillian will present charts from the **life of Joan of Arc**, including her death chart. It is said that events 600 years after the death of a significant individual bring more relevance to current cosmic events of human evolution. Most of us are aware that 21 December was a 'day just like any other day'. However our unconscious side has a different schedule to the conscious side, and when we are talking of the Cosmos we are talking of a Collective Soul that is made up of different planes or realms. We live in an amazing time. It is wonderful, beautiful and very different to how mainstream news chooses to describe our time to us. Understanding ourselves as strong individuals and how we 'can make a difference' does 'alter destiny'. Rudolf Steiner once said how "The Stars spoke once to us". It is our turn to now speak back.

Sunday 7th July

Jeff Norman

A Pragmatic Astrologer's Approach to Tarot

AFI Monthly Meetings

Venue: 119 Queen Street Northcote Point

Time: 2.00—4.00pm winter or 7.00—9.00pm summer

AFI members admitted free of charge—non-members \$10.00

Refreshments provided

Local Classes and Workshops

Class with Colleen

Retrograde Planets are an astronomical phenomena with astrological repercussions. We grumble about them in a natal chart, are paranoid about them by transit and ignore them by progression. What are retrograde planets, and what makes them happen? This down to earth class is designed to remove much of the mythology and bad press about the natural process of regression.

Retrogrades happen, but not all retrogrades are the enemy and they are not always working against us. You don't need to love them but understanding how retrograde planets, both natal and by transit, fit into the bigger picture is the best way of removing the fear factor and utilising their real potential.

Time: 1.00 pm – 5.00 pm

Date: **Sunday**, 16th June

Fee: \$35 the fee includes charts, handouts, and afternoon tea.

Registration earlier the better but by Wednesday prior absolutely essential
